SNAPSHOTS OF SUCCESS:
HSE EDUCATORS

In celebration of Week of the Young Child (April 10-16), the #SnapshotsOfSuccess features some of our youngest learners and how they are using technology for speech assistance. New devices have changed how our preschoolers are able to learn and communicate in the classroom. Watch NOW!

Satterfield teaches in the Mathematics Department at Hamilton Southeastern and lives in Fishers with his wife Deb. They are proud parents of three children.

“We are excited to have Coach Satterfield as our next head girls’ basketball coach,” said Athletic Director Jim Self. Brian is a Royal, and in the process of hiring a new coach, it was clear his passion for Hamilton Southeastern and for coaching basketball. We spend a great deal of time in the Athletic Department talking about family first. I believe Brian has made a decision that focused on what is best for his family. He is excited for the new challenge and we are excited for our program.”

NEW HHS BASKETBALL COACH

As part of the Consent Agenda, the board approved the hiring of Brian Satterfield to be the new head coach of the HSE girls varsity basketball team. Satterfield was most recently the HSE boys varsity basketball coach, where he led the Royals to a 322-151 varsity record over 20 seasons. Under Satterfield’s leadership, the Royals won IHSAA Sectional titles in 2009, 2011 and 2013, and claimed nine Hoosier Crossroads Conference championships. Coach Satterfield was also named (cont.)

SUPERINTENDENT'S CONTRACT

As part of the process to appoint a new superintendent, the board held a public hearing on the proposed contract (cont.)
during Wednesday's meeting. No vote was taken due to state law mandating a seven-day waiting period before a contract for employment is entered into by a governing body and a school superintendent following a public hearing. One member of the community spoke against the contract being approved by the board. The new superintendent is expected to be announced at a Special Meeting on Thursday, April 22 at 6:30 p.m.

**BUDGET REDUCTIONS**

The board listened to CFO Cecille Nunn on Wednesday, who presented a list of recommendations to cover the impending $5 million budget deficit. Nunn has been working with a committee of department leaders, building administrators and teachers to find ways to cut expenses. To review the proposed budget reductions, [click here](#).

The board will vote on the proposal at its next regular meeting on April 28.

**RIF PROCEDURES AND TIMELINE**

Executive Director of Staff and Student Services Kim Lippe reviewed with the board procedures for Reduction in Force (RIF), if needed to right-size classroom staffing levels in K-6. Currently, those grades are overstaffed by 33 teaching positions. Lippe said they are hopeful through resignations and retirements they may not have to RIF, but transfer staff to various buildings to fill needs. To review the procedures and timeline, [click here](#).

**SCHOOL CALENDARS**

The school calendars for 2021-22 and 2022-23 were presented on Wednesday by Assistant Superintendent Dr. Matt Kegley. The proposed calendar for next year has students returning to classes on Wednesday, Aug. 4. It also includes four days of staff/professional development throughout the school year. On (cont.)

**SCHOOL START TIMES**

The board is considering adopting a new version of school start times for the 2021-22 school year. The modification is due in part to reduce transportation costs by utilizing a three-tier system which requires less drivers. The change will save the corporation nearly $500,000. The new proposed times are as follows:

<table>
<thead>
<tr>
<th>Current adopted times:</th>
<th>Proposed Option: 45 minutes between tiers</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Elementary</strong></td>
<td>7:40am-2:10pm</td>
</tr>
<tr>
<td><strong>High School</strong></td>
<td>8:20am-3:20pm</td>
</tr>
<tr>
<td><strong>Int/JH</strong></td>
<td>9:00am-4:00pm</td>
</tr>
</tbody>
</table>

**HUB & SPOKE MAKERSPACE MARKET**

Board members voted to approve the Memorandum of Understanding (MOU) for the Hub & Spoke Experiential Learning program as presented. A group of teachers and Director of Elementary Education Dr. Stephanie Loane will be creating curricular plans for the fall. Loane told the board previously, the physical Makerspace on-site would offer an extension to traditional Engineering Design units and could also help teachers think a bit differently about the HSE21 design work.

**SUPERINTENDENT'S REPORT**

Superintendent Dr. Allen Bourff gave a brief update to the board regarding planning for a vaccination clinic targeted at HSE students that are currently eligible to receive the COVID vaccine. He hopes (cont.)
to share more information soon. The vaccination effort would be coordinated with the City of Fishers Health Department and could even take place within some of the schools.
