Miscellaneous

1. A driver who misses one or more of their daily routes will have their pay docked in ¼ day increments unless using an absence day. Absence days must be taken in ½ day increments.
2. Midday/Short Run Pay -Drivers will log and be paid for actual time worked.
3. Summer School drivers will be paid \$40 per day for single runs, \$64 per day for double runs.
4. Trip Pay Field trips during or after the school day are paid at a rate of \$11 per hour. The pay for Saturday, Sunday, holiday, or regularly scheduled vacation days, will be \$13 per hour. If the trip starts before route time, ends after route time, or is on a non-school day, 15 to 30 minutes may be added to the total trip for preparation of the bus, fueling and cleanup. That time, if applicable, will be added by the transportation office; the driver only logs the actual trip time.

If a driver is assigned to take a trip which would require their route to be driven by a substitute, the driver's pay would be calculated as follows:

- Driver receives regular day's pay, logs total trip time
- Subtract route time missed from total trip time
- Multiply remaining hours by trip rate

Drivers who are finished with their full routes prior to the trip, will not be deducted.

When filling out your trip pay sheets, the start time is the time indicated on the trip ticket and the ending time for the trip is the arrival time back to the location. The ending time on the trip ticket is only an estimate. Please indicate actual return time on your pay sheet.

Trip pay sheets are required to be turned into the transportation office within 24 hours of returning from the trip. All information in italics on the form is to be completed. This includes beginning (from departure point) and ending (from return point) mileage and the number of adults and students.

Employee numbers are required on all paperwork submitted for any reason.

5. Cancelled or Shortened Trips - If the driver has been notified beforehand of a trip cancellation, the trip is not counted. Should the driver be notified of the cancellation after arriving at the pick-up location or after starting the trip the driver will receive 1 hour of pay at their hourly rate. Under this circumstance, no make-up trip will be offered.

If a trip is cancelled with less than 24 hours notice and the driver cannot be switched to another trip prior to the next trip meeting, that driver(s) will get to pick a similar make-up trip(s) prior to the regular trip meeting.

6. Split Field Trips - If a field trip going during a school day is of short distance but over a long period of time, the assigned driver may be asked to make two trips; returning to the local area after the initial run, then returning for pick-up at the end of the event. In such cases, drivers will be paid the trip rate for actual hours worked.

All drivers that take trips in the local area are required to stay at the event location, unless approved otherwise by the sponsor and Director of Transportation/Designee. The driver must be able to be directly contacted (no messages left with third parties, answering machines, voice mail, or pagers) by the sponsor or Transportation office in case of a change of plans. All drivers must be prepared to spend the entire time with the groups on every trip, just in case the sponsor deems it necessary to stay close to the group.

7. Trips assigned on an emergency basis will be those trips received after the monthly trip meeting, any returned trip, or any trip not selected at the regular meeting. This only applies to trips that must be filled prior to the next monthly meeting. Drivers on the emergency list will be offered emergency trips based on seniority rotation. Any emergency driver refusing 3 trips in a semester, for reasons other than having a previously scheduled trip, will be removed from the emergency list for the next 3 trip months.

When selecting field trips, drivers must be careful to not schedule themselves for more than 40 hours per week. (Saturday through Friday).

8. Long Trips - All same day field trips may not exceed an fifteen (15) hour elapsed time from beginning to end (unless two drivers per bus are assigned.) In addition, a driver may not exceed nine (9) hours of driving time in any one day. The pay for the second driver will be equal to that of the primary driver. Compensation will be determined similar to overnight trips. (Trip pay applies)
9. Overnight Trips - (Computation for Pay) Total elapsed time of the trip (e.g. 36 hours) minus 8 hours sleep time (36-8 = 28 hours). Net driving hours times trip rate (28 x \$11.00 = \$308.00). If any portion of the trip includes route time, the appropriate amount of time will be deducted from the total time. Overnight lodging for the driver shall be paid by the group sponsoring the trip. Meals may or may not be paid by the sponsoring group. (Trip pay applies)
10. Drivers Helping With Routes - When a driver misses any part of their route, their pay may be deducted according to the part they miss. When a driver drives an extra route, fills in for a portion of a route or an entire route in addition to their own, they will be paid at their hourly rate if their total drive time for the day exceeds 4.5 hours.

Missing part of route for reasons beyond the driver's control may not result in a pay deduction. Some of those reasons would be, but not limited to, road closures, traffic back-ups, and bus break downs. The transportation director/designee will make the decision on whether a driver will have any pay deducted. Whether or not there is a pay deduction will have no bearing on the pay given to a driver for helping with routes.

11. Contract Period - The contract period shall be the number of transportation days necessary to meet pupil attendance and driver assignment requirement.
12. Leave Benefits such as sick, personal and bereavement, available upon hire date. Four days of sick leave per year will be provided for absences due to personal illness or medical appointments which cannot be scheduled outside the regular work day. Unused sick leave may accumulate to a maximum of 35 days. A maximum of six sick leave days may be used each year for illness of an immediate family member. For persons hired "mid-year," leave allocations will be prorated based on the portion of the year employed. When an employee's accumulated sick leave exceeds two-thirds of the maximum at the end of any school year, the employee may elect to receive payment for up to 8 unused sick leave and/or personal leave days over 23 at the rate of \$25.00 per day. One day of sick leave may be used for a required court appearance.

In all cases of separation from service, (voluntary, involuntary), an employee is not entitled to a payout for unused sick leave. On the employee's last scheduled work day before separation of employment, the employee will be compensated for all time actually worked that day, but will not be entitled to compensation if the employee uses a sick day.

13. Personal Day - One day per year may be requested for use as a personal business day by support staff, provided:
 - a. The request is made in advance (three days if possible). The request must be approved by the immediate supervisor.
 - b. If not used, this day will accumulate as sick leave for the following year.In all cases of separation from service, (voluntary, involuntary, retirement), an employee is not entitled to a payout for unused personal leave.
